## DRY-STACK STONE

**Flats:** *SKU-0100 Series*

### Architectural Specifications:

*Style: Individual Stone (Various Sizes)*

Horizontal Length: 5" – 18"

Vertical Width: 1.5" – 4.5"

Thickness: 1" – 2.25"

Weight: 8.8 lbs / Sq Ft

**Colors:** Any Standard or Custom Color

Dry-Stack Stone from Mason's Mark Stone Veneer comes in wide variety of carefully selected, incremental sizes to accommodate a very tight-fitting installation. The weathered, sandy texture of this stone veneer style is high in relief to fully capture both light and shadow. Typically "laid dry", It can also be installed with a mortar joint to create a more rustic feel or can be mixed with other large but irregular shaped stones like Fieldstone or Cobblestone.

**MAILING ADDRESS:** 106 Sewickley Street, New Stanton, PA 15671

## EUROPEAN LIMESTONE

**Flats:** *SKU-0200 Series*

### **Architectural Specifications:**

*Style: Individual Stone (Various Sizes)*  
Horizontal Length: 4" – 15.5"  
Vertical Width: 1.5" – 6"  
Thickness: 1" – 2.5"

**Colors:** Any Standard or Custom Color

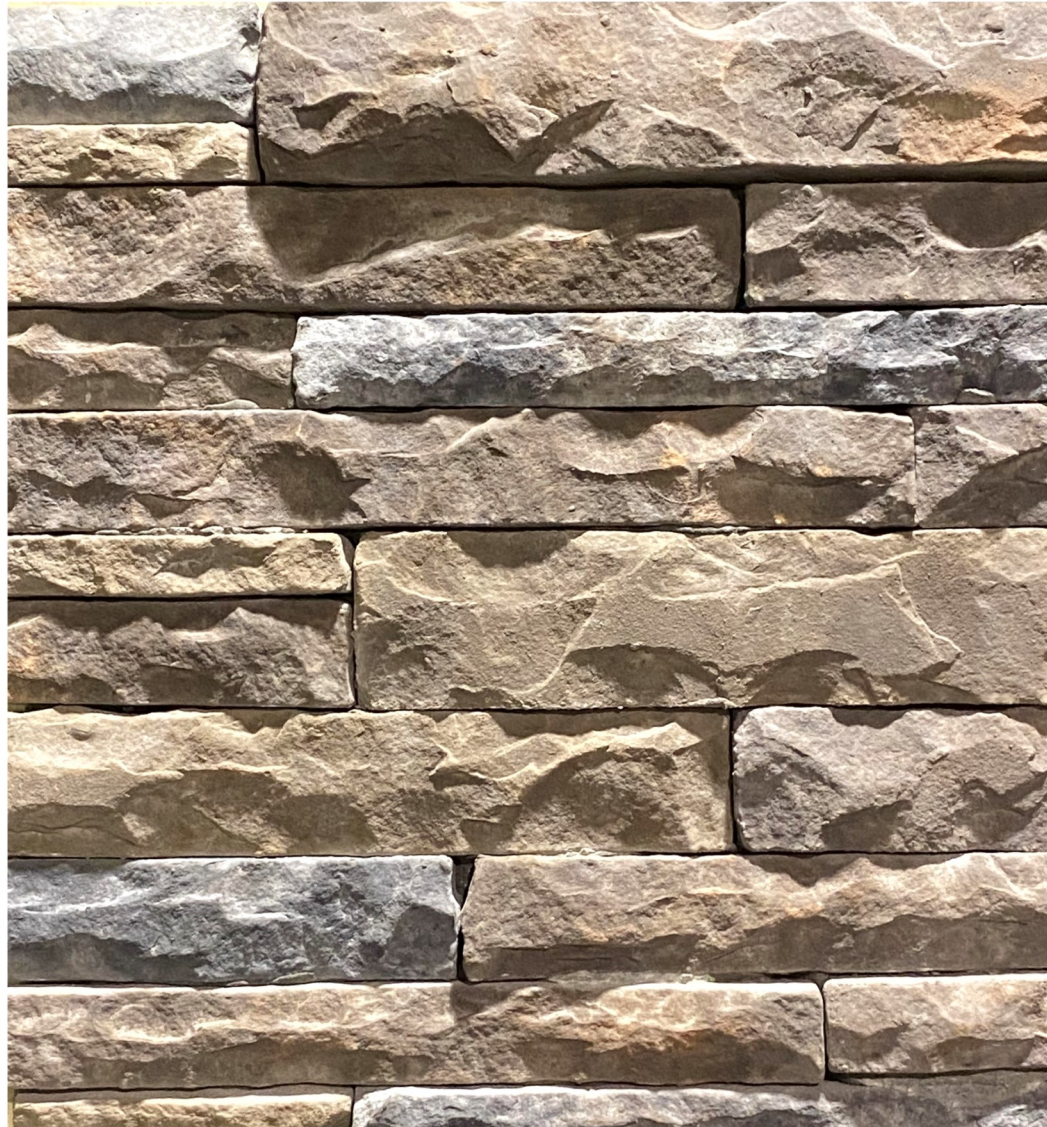

The hand split feel of our European Limestone The hand-split, rectangular appearance lends itself to a diverse variety of applications including homes, signage, landscaping and commercial projects. The rough, detailed stone texture of European Limestone is a perfect fit for two of today's hottest trends, contemporary and "old world". Typically installed with a mortar joint, it can also mix very well with our European Stackstone lending itself to an even more contemporary look.

**MAILING ADDRESS:** 106 Sewickley Street, New Stanton, PA 15671

**PHONE:** 724-635-0082      **FAX:** 724-925-8415

## EUROPEAN STACKSTONE

**Flats:** *SKU-0300 Series*

### **Architectural Specifications:**

*Style: Individual Stone (Various Sizes)*

Horizontal Length: 6" – 18"

Vertical Width: 1" – 5"

Thickness: 1" – 2.25"

Weight: 8.3 lbs/ Sq Ft

**Colors:** Any Standard or Custom Color

Installer-friendly European Stackstone from Mason's Mark Stone Veneer offers a low relief and a detailed face in this very contemporary stone veneer style. The long horizontal stones are very precise and tight fitting giving a fresh, clean appearance. Our "Euro-Stack" as we have come to call it is deliberate in its installation but also lends a rugged appearance to its treatment. One of our oldest and popular styles it blends very well with European Limestone to give a more "Old World" look.

**MAILING ADDRESS:** 106 Sewickley Street, New Stanton, PA 15671

**PHONE:** 724-635-0082      **FAX:** 724-925-8415

## MOUNTAIN LEDGE QUICK-FIT PANELS

**Flats:** *SKU-2100 Series*

### **Architectural Specifications:**

*Style: Stone Panels*

Horizontal Lengths: 4", 8", 12" and 17"

Vertical Width: 4" Panels

Thickness: 1.5" – 2.25"

8.3 Lbs /Sq Ft

**Colors:** Any Standard or Custom Color

Installations will be a snap with Mountain Ledge Quick-Fit Panels from Mason's Mark Stone Veneer which come in four incremental paneled sizes to accommodate extremely tight-fitting installations. The realistic variations of rock sizes within the pattern make this style difficult to distinguish from real stone and has become one of the most popular styles among professional mason's due to the speed at which the style can be installed. Additionally D.I.Y. installers also benefit from using this style as the paneled design of the stone pieces make for a very easy installation.
